SUPPLEMENT TO
REPORT NO.

25X1X

1. The following new construction work was [REDACTED] 25X1A

- a. About 20 to 30 feet of a new 500-foot quay has been finished. The remainder is still undergoing the filling-in stage. [REDACTED] 1A stone-barge towed by a motor caïque; the stones dumped were on the quay foundation the next morning.
- b. The warehouse which was started a few months ago is still in the concrete-pouring stage.
- c. A new construction which resembles a type of hangar has been started near the ammunition dump.
- d. The 15-ton crane which was started about 3 months ago is now in operation. This is a British electric crane, built by Clyde Co., England. Two more 5-ton cranes, also built by Clyde, are awaiting erection. This 15-ton crane, which was undergoing construction as long ago as November 1949, has 2 hooks, one for lifts up to 5 tons and the other for heavy lifts up to 15 tons.
